# Bradley M. Cardona

(845) 522-2002 bcardona300@gmail.com www.bcardona.com

#### **EDUCATION**

# Allegheny College

Meadville, PA

B.S. Mathematics (GPA: 3.55)

Aug 2019 - May 2023

- o Honors: Cum Laude
- Selected Coursework: Linear Algebra, Introduction to Real Analysis, Vector Calculus and Variables, Probability/Statistic Inferences I, Probability/Statistic Inferences II, Optimization and Approximation, Complex Variables

#### CERTIFICATES

- <u>Google Data Analytics Professional Certificate</u> (2023): Developed an advanced understanding and proficiency of platforms for effective data analyses, including spreadsheets, SQL, R, and Tableau.
- <u>Machine Learning Specialization</u> (2023): Learned about supervised learning (linear regression, logistic regression, neural networks, decision trees), unsupervised learning (clustering, anomaly detection), recommender systems, and reinforcement learning; learned some of the best practices for machine learning models; and gained practical skills to apply machine learning techniques.

## Internships

#### Allegheny College Mathematics Department

Meadville, PA

May 2022 - Jul 2022

- $Undergraduate\ Researcher$ 
  - Studied mathematics under the supervision of Professor Caryn Werner.
  - Explored systems of algebraic curves in the projective plane, a topic in algebraic geometry.
  - Solved equations and visualized graphs using Wolfram Mathematica and the Wolfram Language.
  - Presented my work to students and faculty of Allegheny College, as part of the ACRoSS seminar series.

## SOFTWARE PROJECTS

- Personal website: <u>www.bcardona.com</u> (for additional information and projects)
- Fertility Rates Case Study (<u>Tableau</u>, <u>GitHub</u>):
  - o Conducted a study to explore the trends of average total fertility rates across large geographical regions from 1960 to 2021.
  - o Concluded that a significant decline in average total fertility rates has been observed in nearly every country.
  - o <u>Utilized</u>: R, Tableau, Excel, Git, GitHub
- Deep Work Tracker (GitHub):
  - Developed a Python project to track and record focused work activities, known as "deep work", to improve my productivity.
  - Implemented a CSV file-based system for logging daily accomplishments and a Python script for generating visualizations and a daily/monthly summary.
  - o <u>Utilized</u>: Python, Pandas, Matplotlib, Seaborn, Git, GitHub
- Pathfinding Visualizer (Website, GitHub):
  - Developed an immersive JavaScript web application to visualize various search algorithms.
  - $\circ \ \ Implemented \ Depth-First \ Search, \ Breadth-First \ Search, \ A* \ Search, \ Greedy \ Best-First \ Search, \ and \ Dijkstra's \ algorithm.$
  - o Utilized: JavaScript, HTML, CSS, Git, GitHub
- Sorting Visualizer (Website, GitHub):
  - $\circ~$  Built an interactive JavaScript web application to visualize a range of sorting algorithms.
  - o Implemented Bubble Sort, Heap Sort, Insertion Sort, Quick Sort, and Selection Sort.
  - o <u>Utilized</u>: JavaScript, HTML, CSS, Git, GitHub

## TECHNICAL SKILLS

- Proficient: Python, R, SQL, Tableau, Git, GitHub, RStudio, Jupyter, Microsoft Excel, Google Sheets, Wolfram Mathematica,
  Wolfram Language, LaTeX, HTML5, CSS3
- Familiar: TensorFlow, JavaScript (ES6), ReactJS, C++

#### SOFT SKILLS

• Strong: Communication, Collaboration, Attention to detail, Perseverance, Adaptability
